

Imago™ by Knoll Textiles

Turnkey Services:

Futimis Ltd, a Premiere Architectural Specialty Contractor, providing the Architecture and Design community complimentary design and technical support as well as experienced installation services.

Our estimating and design teams will assist with technical information and turnkey pricing. We collaborate with you and your local representatives to choose the most appropriate solutions for any project.

Product and Design Advantages:

Futimis offers a comprehensive package utilizing KnollTextiles's innovative and timeless Imago. A PETG product which combines the strength and flexibility of resin with the timeless, modern design of KnollTextiles.

Futimis specializes in providing you with the highest quality, most innovative, architectural hardware available for all applications. Our offerings include a range of products fabricated to meet the needs of your client in functionality and safety. Our competitive pricing and product experience keeps the specialties away from value engineering.

Futimis Builds:

- Resin Sliding Doors
- Resin Light Boxes
- Resin Wall Panels
- Resin Room Dividers
- Suspended Resin Ceilings
- Resin Signage
- Resin Handrails
- Resin Column Covers

Installation:

We employ experienced full-time installation teams and offer this service nationwide.

Operating Principles:

Futimis supports your vision from conceptualization through close-out for a truly "turn-key" solution. You are assured that your project will be handled efficiently and your schedule will be met.
